

MODG12D
12W Module with Dimmable Driver
and Flex & Plug

GRC Lighting

R & C Agency International
Lighting Specialists for over 15 years

- Description:** 12W Trailing Edge Dimmable* Module kit complete with dimmable driver and flex and plug. Purpose made recessed anti-glare faceted reflector combines with Samsung CRI90+ CoB LED technology to produce a versatile light that can be used in residential and commercial applications. Requires a compatible frame - cannot be used as a downlight by itself.
- LED Type:** COB
- Material:** Metal
- Inclusion:** Flex & Plug
- Dimmable:** Yes, with compatible Trailing Edge Dimmers (options for 1-10v and DALI also available on request)
- Include Driver:** Yes
- Tested Dimmers*** MEDM Diginet (Push Button and Rotary variants)
 TRADER Dimpala
 RCADIMMERHD200T (Traditional Plate/Iconic Plate variant)
 CLIPSAL LED (Purple Rotary)
 CBUS L5508D1A (referred to commonly as LEADING EDGE)
 DYNALITE DDMC802 (trailing variant only)
- Dimmer Test Notes** Phase cut dimming compatability is tested in a controlled environment locally by testing 1 and 4 module kit configurations. It does not take into any consideration possible external factors including but not limited to min/max loads, gangplate configurations, ripple interference, and other mains issues. Dimming range may differ from site to site. If a project requires a particular dimmer and downlight configuration please inform the sales team of your intended dimmer and configuration and we will do our best to do a local test here if practical. Some sites with CBUS may also require load correction devices to acheive smooth dimming.
- Height Note** Depending on choice of frame to be used with module kit, the required cavity depth may be up to 150mm for comfortable installation.

Item Code	Wattage	Input	Lumen Output	Beam Angle	Colour Temperature	Fitting Colour	Size D x L
MODG12D-4K	12W	200mA, 60V	1035 Lm	15° / 40°/60°	4000K	Black	50 x 73 mm
MODG12D-3K	12W	200mA, 60V	1078 Lm	15° / 40°/60°	3000K	Black	50 x 73 mm
