

**BARCNR1818**  
Corner Extrusion with Slim Diffuser

**GRC Lighting**

*R & C Agency International  
Lighting Specialists for over 15 years*

**Description:** 2m surface mount 90° corner profile with slim diffuser. Light weight, the extrusion is designed for LED strips that are 8 to 10mm wide. Perfect for the joints between walls, cabinets or ceilings and allows an elegant and minimalist lighting solution. The positioning of the diffuser provides a filtered output with maximum visual comfort. Ideal for installation where the light-source is within eye level, such as splash back. LED strip light not included. Black or white extrusions are available on request, please enquire for quotation. PLEASE NOTE NOT COMPATIBLE WITH 12MM WIDE STRIPS.

**Material:** Aluminium profile with acrylic opal diffuser

**Mounting Type:** Surface mount - Corner
